

DUO VPN INSTRUCTIONS

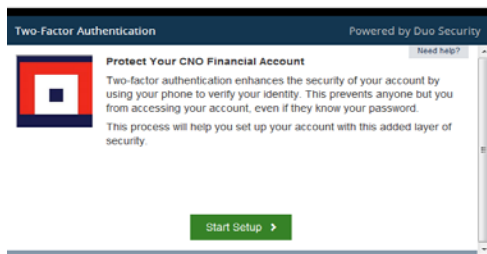

Registration:

1. Login to <https://sslvpn.cnoinc.com> with LAN ID and Password.

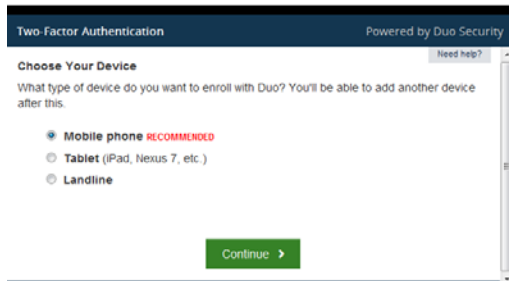

The screenshot shows the login page for Pulse Connect Secure. At the top left is the CNO Financial Group logo. Below it, the text reads "Welcome to the Pulse Connect Secure". There are three input fields: "username", "password", and "Realm" (set to "CNO Users"). A "Sign In" button is located below the password field. To the right of the password field, it says "Please sign in to begin your secure session."

2. Select *Start Setup*.

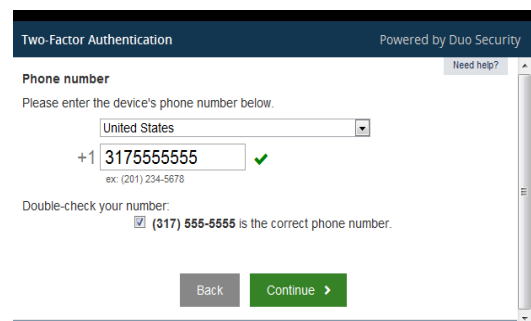

The screenshot shows the "Two-Factor Authentication" screen titled "Protect Your CNO Financial Account". It explains that two-factor authentication enhances security by using a phone to verify identity. A green "Start Setup" button with a right-pointing arrow is at the bottom center.

3. Select your Device. Mobile phones are recommended and strongly encouraged.

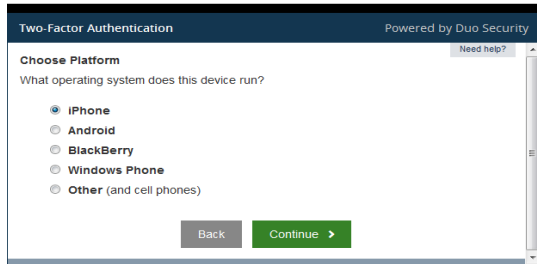

The screenshot shows the "Two-Factor Authentication" screen titled "Choose Your Device". It asks "What type of device do you want to enroll with Duo?". Three radio button options are listed: "Mobile phone RECOMMENDED" (selected), "Tablet (iPad, Nexus 7, etc.)", and "Landline". A green "Continue" button with a right-pointing arrow is at the bottom center.

4. Enter your device's phone number and check the box to verify you have entered the correct number.

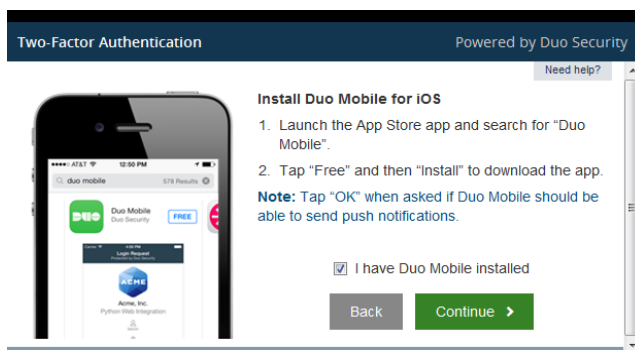

The screenshot shows the "Two-Factor Authentication" screen titled "Phone number". It asks "Please enter the device's phone number below." There is a dropdown menu for the country (set to "United States") and a text input field for the phone number containing "+1 3175555555" with a green checkmark. Below the input field, it says "Double-check your number:" and has a checked checkbox next to "(317) 555-5555 is the correct phone number." At the bottom, there are "Back" and "Continue" buttons with a right-pointing arrow.

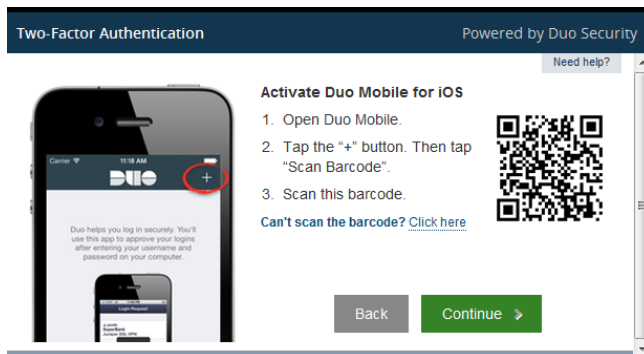

5. Select the operating system that your device uses.

6. Follow the instruction to install the Duo Mobile on your device. Check the "I have Duo Mobile installed" box once you have installed it.

7. Open the Duo Mobile on your device and follow the instructions to scan the barcode that is on your PC screen. ***Do not try to scan the barcode in the picture below.**

Select *I'm done enrolling devices*. Your device is now registered and you are ready to login using **PULSE SECURE**.
